The KESSLER-group, which has its base in Germany, is planning to start a business in Macedonia (near to or in Skopje). It is planned to form a specialized company which focuses on research & development as well as production of electrical motors and generators. Due to this plan we are looking for an experienced Electric-Motor Winder as a foreman for the production of components for pm-motors and –generators. He/she should work on manufacturing, through to installation and final commissioning. The goal is to build up a production segment for the fabrication of components like lamination stacks and windings. After the basic build-up the next step is to build up a complete motor production including assembly.

Responsibilities
○ Leading a production team of 5-20 people
○ Installing processes
○ Train the staff
○ Assembling and testing electric motor and generator stators
○ Testing windings for motor-housing clearance, grounds, and short circuits, using clearance gauge, growler, spring-steel blade, telephone receiver, insulation tester, and resistance bridge
○ Estimate budget and scope of project
○ Prepare product reports and documentation
○ Develop new methods for component production
○ Reinsure the product quality

Requirements
○ Experience in electrical motor wiring (>5 years)
○ Strong understanding of motor wiring
○ Creativity and analytical skills
○ Technical writing skills
○ Basic language skills in English or German
○ Professional education as an electric motor winder
○ Basic winder skills:
  1. Lining slots with sheet insulation and inserts coils into slots
  2. Cutting, stripping and bending wire leads at ends of coils, using pliers and wire scrapers
  3. Twisting leads together to connect coils
  4. Mounting of connectors
○ Ability to combine mechanical and electrical aspects

Our offer
○ We provide an attractive job opportunity to an experienced winding specialist
○ Employment in the KESSLER-group, who has a history of more than 90 years in the development and production of electrical machines
○ Stage of 3-6 months in our company in Germany; costs are taken by KESSLER
○ Best possible prospects for the future

We look forward to receiving your job application!

We look forward to your complete job application documents. This should include a cover letter, a photograph and a CV. Please enter additional information about your salary expectations and earliest possible starting date.
