

Ss. Cyril and Methodius University in Skopje
FACULTY OF ELECTRICAL ENGINEERING AND INFORMATION TECHNOLOGIES

RAD-LAB
Radiation Physics Laboratory

RAD-LAB is accredited laboratory according to the MKC EN ISO / IEC 17025:2018 quality standard which performs applied and research scientific activities in the field of material science and irradiated materials' characterization.

Detection of irradiated food:

- Standard MKC EN 13751:2011
- Standard MKC EN 1788:2011

Assessment of personal dose equivalent due to external exposure to ionizing radiation with thermoluminescence dosimeters for personal monitoring Hp (10):

- Standard: IEC 62387:2012
- Standard: IAEA GSG-7:2018

Method for measurement of ambient dose equivalent H*(10) in the vicinity of sources of ionizing radiation in the working place:

- Standard: IAEA-PRTM-1
